Work Experience

Euphoria Interiors Mar 2026 – Jun 2026
Interior Designer *Dubai (Remote, India)*

- Collaborated with clients to understand design requirements and develop concept-driven interior design solutions.
- Coordinated with architects, 3D visualizers, and execution teams to deliver cohesive, execution-ready designs.
- Curated materials, finishes, and furnishings to create functional spaces aligned with client vision and project objectives.

Alive Design Studio Jul 2021 – Mar 2024
Associate Design Lead *Pune, India*

- Managed the full lifecycle of architectural projects, overseeing design development, documentation, and adherence to schedule and budget constraints.
- Drove a 30% increase in business profitability by optimizing design workflows and implementing innovative strategies to enhance project efficiency.
- Engineered constructible architectural designs by coordinating and integrating structural, and specialist consultant requirements.
- Managed compliance checks throughout the design process, guaranteeing adherence to relevant building codes, regulations, and quality benchmarks.
- Led cross-functional collaboration between internal teams, external consultants, and clients to resolve technical challenges and optimize project workflows.
- Increased client satisfaction by 45% and secured repeat business through proactive communication, transparent reporting, and effective expectation management.
- Enhanced team capabilities by mentoring junior designers on firm standards, project workflows, and advanced software usage.

AVI Designs Jun 2020 – Nov 2020
Student Intern (Full Time) *Pune, India*

- Contributed to project phases by developing technical drafts (AutoCAD) and 3D models (SketchUp) used for design visualization and documentation.
- Prepared and organized essential project documentation and presentation materials, supporting communication between team members and stakeholders.
- Organized and maintained project files and documentation, contributing to efficient information management for the design team.

Design9 - Interiors and Consultation Dec 2019 – Mar 2020
Part-time Student Intern *Pune, India*

- Generated 3D models (SketchUp) aiding design communication for client presentations and internal development.
- Drafted technical details (AutoCAD) and prepared documentation packages supporting project execution.
- Assisted with material selection verification and supported on-site coordination during construction phases.
